NOTE FOR: D/DCI/NI

SUBJECT : ORPA Briefing Paper on Euro-Communism

1. As I said, this is a good first cut at a difficult subject. The drafter is [] of ORPA, who is helping in the interagency memorandum on the same subject.

2. As for specific problems with this paper, it should have some caveats about the intrinsic uncertainties involved in this unprecedented problem, including uncertainties in the minds of the actors themselves. 25X1

3. By Friday of this week we should have a working draft of the IIM, and a coordinated version of it by next week. Both ORPA and I think we should postpone DCI briefing of President until late next week.
